STATOTHR

cc 25X1

[redacted] came for an interview at the request of [redacted] of Contact Division. [redacted] was transferred from the Army to OSS in India in May 1944 and was assigned to the AGFRIS which operated in India and China. He remained with OSS most of the time in China until December 1945 when he was separated in Washington. He then went to law school and, after helping run a family business, has worked as a lawyer for the Salary Stabilization Office. He wishes to join CIA but only if there is an opening in the Legal Staff or a fair chance of transferring to the Legal Staff. As I have no present openings and as there are several qualified lawyers in the Agency who wish to transfer and probably would have a preferential position, I can offer no plans for such a transfer to [redacted]. However, Far East Division might be interested to know about this application.
